Explore diversity, equity, and inclusion as we discover the power of these concepts in our educational spaces through the people who truly make the difference in our schools for our kids. Judith Kleinfeld and Zaretta Hammond characteristically refer to these dynamic educators as "Warm Demanders". We will explore this through Rita Pierson's quote: "Every child deserves a champion: be an adult who will never give up on them, who understands the power of connection and insists they become the best they can possibly be." We will explore who these champions or "warm demanders" are in our schools. We will examine how warm demanders naturally hold students to high expectations and ensure students are seen, valued and heard with a true sense of belonging and connectedness.
